

Bach Flower Essence Workshop

“Balancing our Emotions”

This is a fun interactive class that will give you the basics of Dr. Bach’s Flower Essence System. In this 15 hour class, you will learn how to create a balanced flower essence formula for yourself and others, as well as what you can expect in the way of benefits from each individual Bach Essence. You will also learn how to make flower essences from flowers and spring water (this is called the “Mother” essence and is never sold in stores). Natalie will cover, the negative manifestations of Bach’s 12 personalities (previously known as “Healers”) and which flower essence to use to restore lost balance in various situations and bring about the “Virtue” as Dr. Bach like to call it. Natalie will also cover safe ways to be empowered and take charge of your health and your lives through the use of the Flower Essences.

Dr. Bach’s philosophy was “HEAL THYSELF”.

You will find the “Flowers” a useful tool in being able to do that.

Natalie will share with you additional information she has developed and found through her years of application to add into Bach’s own system. She is one of only a handful of instructors in the US who actually teach and use Dr. Bach’s “System”. If you have read books on the Bach Flowers or taken classes previously, you will find this class full of amazing new, useful information. Additionally, Natalie has developed several charts and written a book to help you on your journey using flower essences. This class is one of a series of Flower Essence Classes presented by Natalie Nehman.
